ASSIGNMENT

Whereas Lafayette Mitchell (hereafter "Assignor"), having an address of 600 Carmel Drive, Lafayette, Louisiana, 70501, USA, is the named inventor and current owner of all rights, title, and interest in and to the invention, which is now disclosed in United States application number 15/158334, having the title of "STORAGE TANK VALVE," filed May 18, 2016 (hereafter "Application");

Whereas Ron J. Gaubert (hereafter "Assignee"), whose address is 133 Butcher Street, Lafayette, Louisiana 70508, USA is not an inventor and claims no current interest to the Application; and

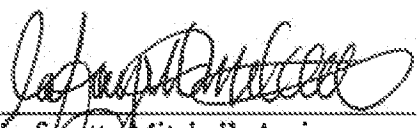

Whereas the Assignor desires to assign a partial undivided interest in and to the Application to the Assignee.

For good and valuable consideration, including but not limited to services provided in connection with obtaining the Application, and marketing of the invention disclosed in the Application, and other good and valuable consideration, the receipt of which is hereby acknowledged:

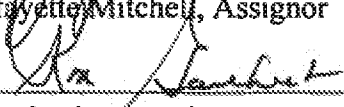

Assignor hereby assigns a twenty-five percent undivided interest in all rights, title and interest in and to the Application to Assignee, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have granted for any invention disclosed in the Application, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue with respect to the filing of applications for patents or securing of patents, relating to the Application, in the United States and countries foreign thereto. Assignor and Assignee further agree that the effective date of this Assignment is September 23, 2015.

It is understood and agreed by Assignor and Assignee that upon the execution of this Assignment, Assignee will own a twenty-five percent undivided interest in all rights, title and interest in and to the Application, and that Assignor will retain a seventy-five percent interest in all rights, title and interest in and to the Application.

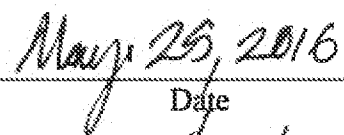

It is further understood and agreed by Assignor and Assignee that subsequent to the date of the execution of this Assignment, Assignor and Assignee shall not assign, sell, transfer, set over, license, pledge, or hypothecate any of the rights, title, or interest in and to any invention contained in, identified in, or resulting from the Application, other than by a written agreement signed by Assignor and Assignee.

ADDENDUM TO SEPTEMBER 23, 2015

AGREEMENT AND ASSIGNMENT OF INTEREST

1. This Addendum, effective as of the 25th day of May, 2016, is made between Lafayette Mitchell and Ronald J. Gaubert, and is supplemental to and governed by the definitions, terms, conditions, and obligations of the September 23, 2015 Agreement And Assignment of Interest ("Agreement"), unless otherwise indicated.
2. This Addendum provides clarification to the "Valve," as set forth in the Agreement, and defines the "Valve" as the TQ1 Valve. Pursuant to the RECITALS of the Agreement, "Assignor desires to assign, and Assignee desires to acquire, 25% of Assignor's 100.00% interest in the "Valve" and patent rights..."
3. Patent Prosecution Documents. The patent rights in the "Valve" include the invention as disclosed in United States application number 15/158334, having the title of "STORAGE TANK VALVE," filed May 18, 2016, including any divisions, continuations, and continuations-in-part thereof, and any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have granted for any invention disclosed in the Application, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue with respect to the filing of applications for patents or securing of patents, relating to the Application, in the United States and countries foreign thereto. The Assignor and Assignee recognize that additional patent prosecute documents, including, but not limited to, the assignment documents contained in Exhibit A to this Addendum, may be required to further effectuate this Addendum. The Assignor and Assignee further agree that the execution of such documents by the Assignor and/or the Assignee does not negate or alter the rights set forth in this Addendum and/or the Agreement, unless such document expressly states that it is the intent of both the Assignor and Assignee to alter or negate any right under the Addendum and/or the Agreement, and such document is signed by both the Assignor and the Assignee.
